# Level 2 Program Overview

## Introduction

---

Welcome to Augusoft Lumens!

One organization indicated, "If a Student cannot find what they need in less than 30 seconds, there is a good chance you are going to lose them." Lumens search and registration ease, benefits your students and your program.

Let's take a moment to discuss the format of your workbook:

- This workbook contains screen captures of the Lumens software, which can be used as a reference tool during the learning process. Lumens has three web templates you can choose from to build your site, so you may see slight variances between the screen captures, however it's important to note that the screen navigation paths are the same.
- Each topic and subtopic is sorted based on the menu and submenus in Lumens. This workbook was designed to make it easy for you to follow along with trainings and to reference as you build your site.

The Lumens PRO Level 2 program is designed to build on the basic knowledge in Level 1 and begin preparation and support of your production site.

Lumens PRO Level 2 will include intermediate training on the following topics:

- System Options
- Course Management
- Students
- Registrations
- Instructors
- Class Information

# Level 2 Program Overview

## Introduction - Icons

---

There are several icons used in the manuals. Each icon has a visual value:

**I Wish Lumens Could...**  
Lumens thrives on user feedback to influence new features and updates – indicates an area where you may be able to think about what else Lumens can do for your program.

**Information** indicates informational items, things to consider as you set up your site, tips based on best practices or common practices of other Lumens customers.

**Retention Activity**  
indicates something to be done after or outside of the training.

**Questions** indicates questions for review and to frame thought about the way you will setup your site.

**Ripple Effect** indicates the importance of understanding the information as well as how it impacts other areas that will be downstream or dependent on the setup.

**Try it!** Is a suggested place in your training to stop and practice what you are learning.

**Additional Reference**  
indicates a process not formally addressed in the workbook. Additional resources will be indicated, such as a QRA (Quick Reference Aid or resource indicated, outside this training).

**Knowledge Check** is at the end of a section, designed to review new content.

# Intermediate System Options

## Template Management

Objectives for Intermediate System Options:

- Review templates for webpages and emails
- Add optional and custom fields
- Discuss User Roles
- Define and create a promotion
- Summarize list value management

This section of the workbook will focus on the design and development of templates, user roles, optional fields, and promotions for your site as well as a review of List Value Management.

### System Options > Template Management > **Webpage Templates**

Name	Description	Action
<b>Web page templates</b>		
A/R Payment Processing	Payment Processing Page displays upon successful completion of a registration.	<a href="#">Edit</a>
Add household page	Add household page	<a href="#">Edit</a>
Add Member page - staff	Add Member Page	<a href="#">Edit</a>
Add Member-Student Page	Add Member Page	<a href="#">Edit</a>
Add Student Page - Staff	Staff Member Adds new student profile	<a href="#">Edit</a>
Add Student Profile - Student	Student creates a new student profile	<a href="#">Edit</a>
Affiliates text	Affiliates text. (This is an 'extra' blank screen in Lumens. It can be linked from the banner or from another screen within Lumens.)	<a href="#">Edit</a>
Choose profile - select Profile type	Choose Profile page	<a href="#">Edit</a>
Company Welcome	Company Welcome Page (For Lumens CT and/or B2B modules)	<a href="#">Edit</a>
Contact page text	Contact information displayed on your Contact page. (Display URL: Create link: /index.cfm?fuseaction=1003)	<a href="#">Edit</a>
Course class list	Course class list page	<a href="#">Edit</a>
Courses page footer	Displays at the bottom of the Courses page.	<a href="#">Edit</a>
Courses page header	Displays at the top of the Courses page.	<a href="#">Edit</a>
Courses: Search Results	This text will display at the top of the ?Course: Search Results? screen	<a href="#">Edit</a>
FAQ	Frequently Asked Questions	<a href="#">Edit</a>
Featured Classes header	Displays at the top of your Featured Classes page.	<a href="#">Edit</a>
Gift Card	Gift Card Message	<a href="#">Edit</a>
Home Page text	Displays on the front page of your Lumens site.	<a href="#">Edit</a>
Instructor Welcome	Instructor Welcome Page	<a href="#">Edit</a>
Make a Donation	Displays at the top of the Make a Donation screen	<a href="#">Edit</a>

Simple text editor

Knowledge of HTML code not needed for basic text entry / changes.

Ability to insert hyperlinks, images, tables.

Power User access not required.

Some things to think about as you design your templates:

- What is your unique selling position?
- What Image do you want to project to your target audiences?
- Do you have important benefits you provide to your students?

# Intermediate System Options

## Template Management - Continued

Name	Description	Action
<b>Web page templates</b>		
A/R Payment Processing	Payment Processing Page displays upon successful completion of a registration.	<a href="#">Edit</a>
Add household page	Add household page	<a href="#">Edit</a>
Add Member page - staff	Add Member Page	<a href="#">Edit</a>
Add Member-Student Page	Add Member Page	<a href="#">Edit</a>
Add Student Page - Staff	Staff Member Adds new student profile	<a href="#">Edit</a>
Add Student Profile - Student	Student creates a new student profile	<a href="#">Edit</a>
Affiliates text	Affiliates text. (This is an 'extra' blank screen in Lumens. It can be linked from the banner or from another screen within Lumens.)	<a href="#">Edit</a>
Choose profile - select Profile type	Choose Profile page	<a href="#">Edit</a>
Company Welcome	Company Welcome Page (For Lumens CT and/or B2B modules)	<a href="#">Edit</a>
Contact page text	Contact information displayed on your Contact page. (Display URL: Create link: /index.cfm?fuseaction=1003)	<a href="#">Edit</a>
Course class list	Course class list page	<a href="#">Edit</a>
Courses page footer	Displays at the bottom of the Courses page.	<a href="#">Edit</a>
Courses page header	Displays at the top of the Courses page.	<a href="#">Edit</a>
Courses: Search Results	This text will display at the top of the ?Course: Search Results? screen	<a href="#">Edit</a>
FAQ	Frequently Asked Questions	<a href="#">Edit</a>

Some webpages are available only if you are using the functionality.

For example, the membership webpage templates on the previous page would not be used if memberships were not being used.

### Question:

Does your team have an idea of how you want your site to look? If not, what are your thoughts? Record below.

### Additional Reference:

QRA available in *Customer Support > Document Center > Quick Reference Library > Webpages-Adding Images, Links, and Anchors*

### Retention Activity:

Start thinking about who will manage these pages? Do you have someone experienced in HTML coding? Can your Marketing Department help you? Will you be promoting things on your home page periodically? If so, who will update this page?

## Intermediate System Options

### Template Management – Continued

#### System Options > Template Management > **Email & Print Templates**

Lumens generates automatic emails 24x7, Staff can also manually send emails. For example:

- When a Student registers for a class, he/she receives an automatic *Learner Confirmation*, provided his/her profile includes a valid email address.
- The system automatically sends *Class Reminders* so many days before a class starts or after Staff confirms the class. (How many days before is set at the Power User level)
- Lumens generates an automatic email when Staff adds a Student to a class waiting list.

In addition, Staff can manually:

- Send a class roster or class sign-in sheet to an Instructor
- Send an Instructor his/her username or password

We recommend customizing these templates to reflect the right message and tone.

Email Subject / Template Name	Email to:	Auto / Manual?	Sent-to?	Reply-to?
Cancellation Notice – Student	Students enrolled in a class when cancelled.	Auto	All Students registered in cancelled class.	None
Learner Reminder	Students enrolled in a class when confirmed.	Auto	Email address entered in Student profile.	None
Class Reminder	Students enrolled in the class a set number of days prior to class start.	Auto	All Students registered in a class.	None
Instructor Class Reminder	Instructor(s) a set number of days prior to class start.	Auto	Email address entered in Instructor profile.	None
Learner Profile Notice	Student when profile is created.	Auto / Manual	Email address entered in a Student profile.	None
Learner Confirmation	Student when registered for a class, regardless of who completes he registration.	Auto	Email address entered in a Student profile.	None
Learner Transfer Confirmation	Student when transferred by a Staff from one class to another class.	Auto	Email address entered in a Student profile.	None
Forgot Password	Student when he/she forgets password and needs to reset it.	Auto	Email address entered in Email field on Reset Password Request Page.	None

### System Options > Template Management > **Email and Print Templates**

Staff may insert data elements (dynamic text) into the templates. Only Power Users have editing privileges for email and print templates. Email and Print templates play a significant role in the creation of your site. Be sure to allocate enough time to the organization of the content.

Email and print templates		
Cancellation Notice - 3rd Party	Sent to the 3rd Party Payer when a class with a student that they paid for is cancelled	<a href="#">Edit</a>
Cancellation Notice - Student	Sent to students when a class in which they are registered is cancelled	<a href="#">Edit</a>
Class End Reminder	Emailed to student registered in an Open-Ended/Time-Limited Class a defined time before the end of the Time-Limit	<a href="#">Edit</a>
Class Reminder	This note will be emailed to all students a set number of days prior to the start of a class	<a href="#">Edit</a>
Class Waiting List Notification	Automatic email to student when student or staff adds Learner to Class Waiting List	<a href="#">Edit</a>
Company Profile Notice	Company Profile Notice	<a href="#">Edit</a>
Course Series Waiting List Notification	Automatic email to student when student or staff adds Learner to Course Series Waiting List	<a href="#">Edit</a>
Course Waiting List Notification	Emailed to a student when the student to be added to a Waiting List for a Course.	<a href="#">Edit</a>
Donation Confirmation	Sent to students after they have completed a transaction that includes a donation.	<a href="#">Edit</a>
Draft Learner Profile Notice	This is sent to staff member, when a draft student profile has been created	<a href="#">Edit</a>
Early Membership Purchase Reminder	Sent to Members so that they can purchase new membership before their current Membership Expiration date	<a href="#">Edit</a>
Electronic Merchandise Distribution	This note will be emailed to a Student email address after a user has purchased a Merchandise Item with Delivery Type = Email/Download	<a href="#">Edit</a>
External Room Reservation	Sent when an external room reservation takes place. (NA for Lumens Standard)	<a href="#">Edit</a>
Forgot Password	This email will be sent to all users when forgot password link is used	<a href="#">Edit</a>
Forgot Username	This email will be sent when forgot username	<a href="#">Edit</a>
Gift Card Notification	This note will be emailed to the recipient email address of an eGift Card purchase	<a href="#">Edit</a>
Instructor Class Reminder	This note will be emailed to the instructor(s) a set number of days prior to the start of a class and/or if you use go/nogo to confirm a class	<a href="#">Edit</a>

As with webpage templates, some email and print templates are available only if you are using the functionality. For example, the *Gift Card Notification* and/or *Online Class Templates*.

#### Question:

Who will take ownership of your templates on your site?

---

#### Retention Activity:

Between sessions, each person should take at least one email template and modify the text and test it. Try with the following templates; Learner Confirmation (test by registering for a class), Class Reminder (test by manually sending a class reminder), Forgot Password (test by clicking on that to reset your password), and / or Student Profile Completion (test by creating a new student profile). These templates are easy to test (see details on testing for each in parenthesis).

# Intermediate System Options

## Template Management – Continued

**Template Edit: Learner Confirmation**

\*denotes required information.

Send HTML Email\*  Yes  No

Description\*

Instructor Details

Instructor Name  
 Instructor Email  
 Instructor Alternate Name  
 Instructor Bio Name

\*Instructor Details merge field content will display in email only if the template is html enabled.

Text

(Bad Weather Text)  
 (Book Fee Cost)  
 (Building Fee Cost)  
 (Certificate Category)  
 (Certificate Description)

\*to add dynamic text to your message please click the field above.

Source [Icons]

Styles Normal Font Size [Icons]

(Today's Date)

(Organization Name)  
 (Organization Address)  
 (Organization City), (Organization State) (Organization Zip)  
 (Organization Phone)  
 (Organization Catalog Requests Email)

Thank you for registering for a (Organization Name) class! The following information is everything you need to know in preparation for the class. If you have any questions, please contact us. If for any reason your class is cancelled you will be notified by a staff member via phone. **Thank you for registering!**

(Learner Name)  
 (Learner Address)  
 (Learner Address 2)  
 (Learner City State, Zip)

body cfoutput cfoutput p

Save Cancel

Send HTML Email no = sending email in plain text

Instructor Details = X

Text = These are the dynamic text fields available for this email (each are modified to the intended audience)

Tool bar = Much like the Web Page template.

To add dynamic text:

- Place cursor in applicable location of email
- Click on the text you wish entered
- Text will pull from within your Lumens site  
 e.g. Organization Name is located in System Preferences,  
 Learner name comes from the learner profile of the registrant.

### Ripple Effect:

Emails apply to all your programs, so they should relay the tone and voice of your organization not any given program. We recommend assigning one person to the job of editing *Email and Print templates*. As a result, the writing style and tone is consistent.

# Intermediate System Options

## Optional Field Set Up

### System Options > **Optional Field Setup**

You can customize information you want to collect for various profiles. This is most commonly used for Student profiles to collect demographic information. If you don't see the element you want to capture in the *Optional Fields* menu, you can activate *Customer Fields*.

### Setup Optional Fields

Lumens System [Generate HTML code](#) [Activate new optional fields](#)

**Lumens System Optional Fields (Go To Custom Fields)**

[Generate HTML code for all Optional Form Fields](#)

[Activate new optional fields for reports \(enter at least one data value first\)](#)

U.S. citizen			Radio		<a href="#">Edit</a>
Locations					
Label	Customized?	Required?	Field Type	Is Enabled	Action
Location Type			Select Box		<a href="#">Edit</a>

At minimum, it's a good practice to collect birthdate, gender, job title / occupation. Think about what data you are asking for – if you are not planning to use it, do not ask the Student for the information.

Each time you make an update to an *Optional Field*, click *Generate HTML code for all Optional Form Field* link before leaving this screen. This pushes the update out to the applicable affected profile types in Lumens.

Once Staff enters data into the field, return to this menu and click *Activate new optional fields for reports* link. This ensures data appears in applicable report fields.

## Intermediate System Options

### Optional Field Set Up - Continued

The profile type of the Optional Field dictates its location on your site. In this example, the job title field displays in the Learner profile.

#### Update Optional Field

Changes made to this information could affect the Reports!

[Back to Optional Field List](#)

General Field Options	
Description:	Job Title of the Learner
Label:	<input type="text" value="Job Title"/>
Hint:	<input type="text" value="Type or area of employment."/>
Is Enabled:	<input type="checkbox"/> Yes
Is Required:	<input type="checkbox"/> Yes
Form Field Type:	Select Box ▾
Max Length:	<input type="text"/> (Max)
Data Type:	Allowed: 0) None ▾
Range:	<input type="text"/> (Enter 1,500 for a range from 1 to 500)

**Label:** this is editable to provide an accurate description of the field.

**Hint:** Displays below the field for users.

**Is Enabled:** Yes, will activate on the website.

**Is Required:** If Yes, will display a red asterisk \*, indicating it is required.

#### Form Field Type:

- Select Box: Creates a drop down.
- Multi-Select Box: Creates a drop down and allows multiple selections.
- Radio: Creates a list to select one option from.
- Text: Allows a written response. Select Box and Radio button are changeable, but a Text field remains as text.

**Max Length:** Applies to the text box field and the number of characters allowed.

**Data Type:** Option helps define the data field; applies to text fields. Options such as credit card, currency, date, email, integer, numeric, range, telephone, time, URL, zip code.

**Range:** If data type is range, set the min and max of the numeric range allowed.

**Use Privacy Mask:** When set to Yes, the field is masked based on the settings in System Options > System Preference.

**Store as encrypted data:** It is important to check the option to mask any field (e.g. SSN) for optimum data security. NOTE: to ensure encryption, you must contact Augustsoft.

To create a social security field on the Learner Profile, Staff must enable *Alternative Learner ID* in *Optional Fields* and change the label (to Social Security Number). If using SSN, it is important to store the field as encrypted data. To encrypt, the field must be unique.

## Intermediate System Options

### Optional Field Set Up - Continued

Be sure to click the box next to the role that can update the field. All fields should have at least *Admin* and *Staff* checked. If left unselected, no one can see the field on the record.

Who can update this data?	
Admin:	<input checked="" type="checkbox"/>
Catalog request:	<input type="checkbox"/>
Company user:	<input type="checkbox"/>
Contract Training User:	<input type="checkbox"/>
Draft:	<input type="checkbox"/>
Guest:	<input type="checkbox"/>
Household Account:	<input type="checkbox"/>
Learner:	<input type="checkbox"/>
Member:	<input type="checkbox"/>
Slim Student:	<input type="checkbox"/>
Staff:	<input checked="" type="checkbox"/>
Teacher:	<input type="checkbox"/>

  

Where else should this data be displayed?	
Learner Profile Popup:	<input type="checkbox"/>

Also, note that you need to select *Guest* if you want the field to display before or when a new profile is being created. If the fields should be editable after the Student creates the profile, then select *Learner*. (Same goes for *Household* and *Member* is these are activated in the site.)

Field Values				
Field Text	Field Value/Code	Sort Order	Default	Display
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="radio"/>	<input type="checkbox"/>
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="radio"/>	<input type="checkbox"/>
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="radio"/>	<input type="checkbox"/>
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="radio"/>	<input type="checkbox"/>

**Field Values:** Available if the form field is set up as Select Box, Multi-Select Box, or Radio (previous page). **NOTE:** Augusoft can change the *Field Text* if needed.

**Field Value/ Code:** This is not required and is an internal field.

**Sort Order:** Indicates the order this list displays to the user.

**Default:** Staff may select one field as the default and any field can be unchecked to not display.

**Display:** check box allows Staff to activate/inactivate accordingly.

#### Question:

Which optional fields will your organization enable? (Keep in mind, Augusoft can edit field text or add additional fields if needed.)

Write down the fields you may want to activate on your Lumens site:

# Intermediate System Options

## Optional Field Set Up - Custom

System Options > **Optional Field Setup**

**Setup Optional Fields**

**Lumens System Optional Fields** (**Go To Custom Fields**)

[Generate HTML code for all Form Fields](#)

[Activate new optional fields for reports \(first enter at least one data value, then click this link the next day\)](#)

**Setup Optional Fields**

**Custom Fields** (**Go To Lumens System Optional Fields**)

[Generate HTML code for all Form Fields](#)

[Activate new custom fields for reports \(first enter at least one data value, then click this link the next day\)](#)

**Add Custom Field**

Click, *Add Custom Field*.

Custom Fields are like Optional Fields in functionality.

**Update Custom Field**

Caution: Before adding custom fields, remember that reporting on custom fields will be limited. If you have important data that needs to be collected, contact Augusoft so that they may be added to the system in a more report friendly manner.

[Back to Custom Field List](#)

**General Field Options**

**Custom Field applies to:\*** Catalogs

**Label:\***

**Hint:**

**Is Enabled:**  Yes

**Is Required:**  Yes

**Form Field Type:\*** Text

**Max Length:\*** (Max Allowed: 1000)

**Data Type:\*** None

**Range:** (Enter 1,500 for a range from 1 to 500)

**Use Privacy Mask:**  Yes

**Who can update this data?**

**Custom Field applies to:**  
You can multi-select what records this applies to, such as:

- Catalogs,
- Classes,
- Courses,
- Instructors,
- Learners,
- Household,
- Locations,
- Members,
- Organizations,
- Catalog Requester,

# Intermediate System Options

## Optional Field Set Up - Custom

Customer Fields can apply to many different areas in Lumens. Some fields, such as catalogs, program sections, and contract training will not apply if the feature is not active on your site.

The field selected defines where the custom field displays and what report(s) it may be available in.

The screenshot shows the 'Form Field Type' dropdown menu with options: Multi-Select box, Radio, Select Box, and Text. The 'Field Values' table is also visible, with columns: Field Text, Field Value/Code, Sort Order, and Default Display. The table contains four rows of input fields and radio buttons. A red box highlights the 'Field Values' table area.

If you must enter more values and you don't have space below, save your entries, then reselect this custom field from the list. You will see 4 empty value boxes to add more. You may do this as many times as needed.

NOTE: You are not allowed to remove values once you enter them because that would have negative consequences for the reporting. Therefore, enter the values with care!

Field Text	Field Value/Code	Sort Order	Default Display
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="radio"/> <input type="checkbox"/>
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="radio"/> <input type="checkbox"/>
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="radio"/> <input type="checkbox"/>
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="radio"/> <input type="checkbox"/>

Save Cancel

If Multi-Selection, Radio, or Select Box are chosen, the field values below will display.

If Text is chosen, various Data Type fields are available.

The screenshot shows the 'Form Field Type' dropdown menu with 'Text' selected. The 'Data Type' dropdown menu is also visible, with options: None, creditcard, date, email, integer, numeric, range, SSN, telephone, time, URL, and zipcode.

Form Field Type: Text

Max Length: Allowed: 1000)

Data Type: None

Range: (Enter 1,500 for a range from 1 to 500)

Use Privacy Mask:  Yes

Things to consider with labels and editing:

- Add label names understandable by all users. In some cases, the user may be a Learner or Staff. The hint may display as a hover or display in small text below the field.
- If the *enabled* box is not checked, the field is not active. This is how to inactivate the field if no longer applicable.
- If the *Required* box is checked, the field displays with a red asterisk \* like other required fields in Lumens. When the field is required, the system does not permit the user to save / submit the record until the field is populated.

### Ripple Effect:

Custom fields can slow down the response time on any given site. The maximum number of custom fields for any site is 45, however we recommend no more than 20 fields in any given profile type (i.e. Learners, classes, catalogs) etc.).

# Intermediate System Options

## List Value Management

### System Options > List Value Mgmt

List Value Management allows Staff to customize the field text for different lists found within Lumens. Currently available are *Cost Fields*, *Instructional Methods*, and *Provider Type*. Click *Edit* to view the list.

Value Management Fields				
Label	Required?	Field Type	Is Enabled	Action
Cost Fields	•	Select Box		Edit
Instructional Method	•	Select Box	•	Edit
Provider Type		Select Box	•	Edit

- The value management fields are pre-populated.
- Staff can also add a hint, add a new field, change the sort order, set the default, select online type(s), and determine which fields to display or not.

### Update Cost Field Values

Manage the Cost labels for the Cost Fields that display on the Class, Course Series and Certificate screens using the table below.

Cost Name	Cost Type	Field Values		Maps to LERN Cost	Editable Label Display
		Sort Order	Add		
Organization's Material C	Material	1		Organization's Material Cost	<input checked="" type="checkbox"/>
Facilities	Facilities	2		Other Costs	<input checked="" type="checkbox"/>
Marketing Costs	Marketing	3		Marketing Costs	<input checked="" type="checkbox"/>
Other	Marketing	4		Other Costs	<input checked="" type="checkbox"/>
Collateral Pieces	Marketing	5		Marketing Costs	<input checked="" type="checkbox"/>
Class Prep	Instructor Cost	1		Other Costs	
Curr. Dev.	Instructor Cost	2		Other Costs	
FICA	Instructor Cost	3		Other Costs	
Other	Instructor Cost	4		Other Costs	
Per Diem	Instructor Cost	5		Other Costs	
Teaching	Instructor Cost	6		Other Costs	
Travel	Instructor Cost	7		Other Costs	
Overhead	Overhead	1		Other Costs	
Catering	Facilities	3		Other Costs	

Submit Cancel

Cost Fields and Instructional Method displays in class set up.

### Update Provider Type Values

Manage the Provider Type labels for the Provider Type Field that display on the Company profile screen using the table below.

Back to Field List

General Field Information	
Description:	Category of Provider Company
Label:	Provider Type
Hint:	<input type="text"/>
Is Enabled:	<input checked="" type="checkbox"/> Yes
Is Required:	<input type="checkbox"/> Yes
Form Field Type:	Select Box

Field Text	Field Values		Sort Order	Default	Display
	Field Value/Code	Add			
Group Home	1		1	<input type="radio"/>	<input checked="" type="checkbox"/>
Supportive Living	2		2	<input type="radio"/>	<input checked="" type="checkbox"/>
Group Home & Supporti	3		3	<input type="radio"/>	<input checked="" type="checkbox"/>
Other	4		4	<input type="radio"/>	<input checked="" type="checkbox"/>

Save Cancel

### Update Instructional Method

Changes made to this information could affect the Reports!

Back to Field List

General Field Information

# Intermediate System Options

## User Roles

### System Options > User Roles

User Roles allow access to be tailored per Staff role, granting access to menus that are pertinent to them and limiting or removing access to certain menus. Each role or actor has menu access assignments.

Select	Name	Status
<input type="radio"/>	<b>Administrator</b> Default: Administrator	Active
<input type="radio"/>	<b>Business Manager</b> Default: Business Manager	Active
<input type="radio"/>	<b>Contract Manager</b> Default: Contract Manager	Active
<input type="radio"/>	<b>Course Manager</b> Default: Course Manager	Active
<input type="radio"/>	<b>Instructor Manager</b> Default: Instructor Manager	Active
<input type="radio"/>	<b>Locations Manager</b> Default: Locations Manager	Active
<input type="radio"/>	<b>Program Manager</b> Default: Program Manager	Active
<input type="radio"/>	<b>Registrar</b> Default: Registrar	Active
<input type="radio"/>	<b>Student Manager</b> Default: Student Manager	Active

Options available:

**Add:** Create a user role from “scratch.”

**Edit:** Allows you to edit an existing user role.

**Clone:** Copies an existing user role and allows you to modify.

**Inactive:** Inactivates an existing role (can be reactivated).

### Edit User Role

\* denotes required information.

Role Name\*

Description

Views and tasks within each menu can be modified to display and hide as well as modifying specific features.

User Role
(Super User)
Registrar
Student Manager
Course Manager
Locations Manager
Instructor Manager
Business Manager
Contract Manager
Program Manager
Administrator
Intern

Super User is a default role in Lumens; you cannot delete this role. When managing Staff profiles, the user role drop down includes Super User and any other user roles activated / added by your organization. It is extremely important to assign the (Super User) role to at least one or two Staff members. This role is automatically updated with any new menus / submenus released in Lumens, by Augusoft. Staff with Super User access may assign the new menus to any other user roles as needed.

### Additional References:

For more information review the QRA available in Customer Support > Document Center > Quick Reference Library > *User Roles* and check out User Reference Guide.

### Question:

Do you anticipate a need for User Roles? If so, list some possible roles below:

---

---

---

# Intermediate System Options

## Promotions

### System Options > Promotions

**Promotions**

Search:

You cannot delete promotions that have been used.

**Add Promotional Discount**

Actions	Promotion Name	Promo Type/Value	Discount	Status	Start Date End Date
<input type="button" value="Action"/>	10% Comp	Code/bigten	10%	Active	10/23/2017 12/31/2017
<input type="button" value="Action"/>	Spring discount	Classes/5	Flat \$10.00	Active	02/01/2017 02/15/2017
	Classes Promo 3	Classes/3	20%	Inactive	09/13/2012 10/31/2012

The actions available to the Promotions are *Edit* or *Inactivate*. Setting the promotion to inactivate, allows you to disable the promotion before it has run.

**Add Promotional Discount** \* denotes required information.

 Based on code

Dollar amount \*

Dollar amount Promotion

There are three types of Promotions available: dollar amount, number of classes and code.

A Promotion applied to a transaction, cannot be inactivated. Once the end date occurs the promotion expires and cannot be reactivated.

Promotions reduce tuition in the Shopping Cart, but do not apply towards the fees (material, book, etc.) attached to the class.

# Intermediate System Options

## Promotions – Continued

### Ripple Effect:

Promotional discounts affect the shopping cart. This means it is not class-specific so be aware of how the discount is created.

### Question:

Does your organization currently use promotions? If not, list a couple you might try on your new site.

---

---

### Try It!:

Each member of the team will create a promotion.

1. Dollar Amount: Create a \$10.00 promotion for any shopping cart with \$100 or more in it and name it *Your Name Dollar Promo*. Enter today's date as the start date and make the end date 2 weeks from today.
2. Classes in Cart: Create a promotion based on 3 classes in the cart and include a \$25.00 discount amount. Enter the promotion name as *3-Classes Promo*. Enter today's date as the start date and make the end date 1 months from today.
3. Classes in Cart: Create a promotion based on 4 classes in the cart. Enter a promotion percentage of 5%, and use the name *4-Classes Promo*. Enter today's date as the start date and make the end date 10 days from today.
4. Code: Create a promotion based on the code EMP99. Enter a promotion amount of \$10.00, and label it *Employee Code Promo*. Enter today's date as the start date and make the end date 2 months from today.

If there are more than 4 on your team, add another promotion based on the code WEB2015. Enter the name as Web Promo 2015 and enter a promotion amount of \$5.00. Enter today's date as the start date and make the end date 4 weeks from today.

# Intermediate Course Management

## Discounts

Objectives for Intermediate Course Management:

- Add discounts to a course and class
- Create an Online Course
- Add a lesson release statement in Lumens

This section of the workbook will focus on using some of the additional functionality for courses and classes. We will discuss creating discounts at the course level, creating an online course and development of lesson release times.

There are more advanced functionalities in Course Management. We will review and/or learn the additional options in the Advanced section of training.

*Course Mgmt* > **Courses / Classes** Click on the radio button next to desired class, select Discounts from drop down.

Discounts are set within your web site's feature configuration, and all discounts reduce the tuition only. Discounts do not affect material fees or any other fees associated with a class.

Showing records 1 through 10 of 166.  
✔Indicates courses with Active or Confirmed classes

Select	Course Name	Course Number	Category Subcategory	Course Type
<a href="#">Add</a>				
<a href="#">Clone</a>	<a href="#">Access I</a>	260135 ✔	Profit:Computer	Classroom
<a href="#">Discounts</a>	<a href="#">Access II</a>	260002	Profit:Computer	Classroom
<a href="#">Edit</a>	<a href="#">Access III</a>	260003 ✔	Profit:Computer	Classroom
<a href="#">Waiting List</a>				

The discount amount is the Course Fee *minus* the discount. For example, if your class costs \$75.00, and you want to give a \$10.00 discount, enter the discounted fee as \$65.00, the *net amount* of the class after subtracting the \$10.00 discount.

### Course Discounts

You cannot edit or delete discounts that are part of a transaction record.  
Only one Early Bird Discount can be active at any time.  
Course Number/Name: KTCO-3010e #1 Excel  
Course Fee: \$500.00

Name/Condition	Code	Qty	Fee/Discount	Start Date End Date	Status	Action
<b>Discount: Age as of September 1,2018</b> No discounts have been set for this option.						
<a href="#">Add Age as of discount</a>						
<b>Discount: Code</b> KTCODISC	KTCO12		\$450.00 / \$50.00	3/1/2018 2:00 AM 4/24/2018	Active	<a href="#">Edit</a>   <a href="#">Delete</a>

### Ripple Effect:

Staff creates discounts at the Course level, and the discount is immediately available to new classes on a go-forward basis. Staff also have the option to apply the discount to any existing active classes.

# Intermediate Course Management

## Discounts – Continued

The *Age as Of Discount* issues a discount automatically when the birthdate in the Student's profile matches the criteria defined in the Discount. It is intended to give a discount to younger Students; like the way a Senior Discount gives a discount to older Students. The discount automatically applies during the checkout process.

Staff must enter the age as of date in *System Options > Power User > General Settings* Add or Edit the Age as of Date field.

The image shows two overlapping form windows. The background window is titled "Add Course Discounts - Code Option" and contains fields for Course Number/Name (CLFI-1540 /Yoga for Every Body), Course Fee (\$45.00), Code, Discount name, Discounted fee (0.00), Start date/time, End date, and Description. A red box highlights the Start date/time and End date fields. The foreground window is titled "Add Course Fees Option -- Age as of September 1, 2018" and contains fields for Age for Discount (13), Discount Name (Yoga 4 Youth Discount), Discounted fee (50.00), Start date (6/1/2018 2:00 am), End date (8/31/2018), and Description (Summer Series Discount). Both forms have "Submit" and "Cancel" buttons.

**Code Discount:** Requires Staff and/or students to enter the specific code during the shopping cart checkout process. The discount is available the same day, as the start parameter includes a start date and a time can even be specified. An end date will also be chosen.

There is also an option to allow the discount to pertain to corresponding classes.

### Question:

Would your organization use either of these discounts? If so, for what purpose?

# Intermediate Course Management

## Discounts

**Early Bird Discount:** Automatically applies to anyone registering for a class prior to the *Early Bird* discount date.

**Add Course Discount -- Early Bird Option**  
\* denotes required information.  
Course Number/Course Name: CLFI-1540 /Yoga for Every Body  
Course Fee: \$45.00

Discount name\* **Early Bird**

Discount Fee\*

Please be sure to enter the course fee net of the discount, NOT the discount amount.

Add this discount for corresponding classes? No Active Classes

Other discounts allowed?\*  Yes  No

Description

Managing this discount requires Staff to enter an early bird end date for each term (in the instructional calendar).

This discount expires for all classes in the term on the same date. Staff can override this expiration date if necessary.

**Date Discount:** Date discounts automatically apply to a class registration during the date range as defined within the discount.

**Add Course Discounts -- Date Option**  
\* denotes required information.  
Course Number/Course Name: CLFI-1540 /Yoga for Every Body  
Course Fee: \$45.00

Discount name\*

Discounted Fee\*

Please be sure to enter the course fee net of the discount, NOT the discount amount.

Add this discount for corresponding classes? No Active Classes

Other discounts allowed?\*  Yes  No

Start date/time\*  [ m/d/yyyy h:mm AM/PM ]

End date\*  [ m/d/yyyy h:mm AM/PM ]

Description

Discount can be applied at the class level.

To activate immediately, set the discount to start on the current date and set the time to any upcoming time, to the minute.

### Question:

Would your organization use either of these discounts? If so, for what purpose?

---

---

### Student Profile Attribute Discounts (Optional or Custom):

**Add Course Discounts -- Student Profile Optional Attribute**  
\* denotes required information.  
Course Number/Course Name: CLFI-1540 /Yoga for Every Body  
Course Fee: \$45.00

Discounted Price\*

Please be sure to enter the course fee net of the discount, NOT the discount amount.

Learner Attribute\*

Equals  Does Not Equal

No Active Classes

Yes  No

Add this discount for corresponding classes?

Other discounts allowed?\*  Yes  No

Description

This discount is based on any *Optional Field* activated on the Learner profile.

Create this discount by selecting any enabled optional field set up as a radio button or select drop down list.

**Add Course Discounts -- Student Profile Custom Attribute**  
\* denotes required information.  
Course Number/Course Name: CLFI-1540 /Yoga for Every Body  
Course Fee: \$45.00

Discount name\*

Discounted Price\*

Please be sure to enter the course fee net of the discount, NOT the discount amount.

Learner Attribute\*

No Active Classes

Add this discount for corresponding classes?

Other discounts allowed?\*  Yes  No

Description

A similar discount is available for *Custom Fields*.

Membership-based discounts are also available and will be addressed in a later training, if applicable.

#### Question:

Would your organization use either of these discounts? If so, which one and for what purpose?

---

---

# Intermediate Course Management

## Discounts – Continued

### Try It!:

Locate the discount you created, apply the following:

1. Code Discount
  - Add a *Code Discount* using the Code - AA11
  - Use the Code Name – Test Code AA
  - Enter a discount amount (remember it is a *net* course amount)
  - Use current date to active for 1 week
  - No other discounts allowed
  
2. Date Discount
  - Add a *Date Discount*
  - Use the Code Name – Test Date AA
  - Enter a Discount Amount (remember it is a *net* course amount)
  - Use next Monday (date discounts cannot start same day) active for 1 month
  - Allow other discounts
  
3. Code Discount
  - Add a *Code Discount* using the Code - BB22
  - Use the Code Name – Test Code BB
  - Enter a Discount Amount (remember it is a *net* course amount)
  - Use current date active for 1 month
  - Allow other discounts
  
4. Date Discount
  - Add a *Date Discount*
  - Use the Code Name – Test Date BB
  - Enter a discount amount (remember it is a *net* course amount)
  - Use next Sunday active for 1 week
  - No other discounts

If more team members need an activity each participant can create a new code and/or date and use an activity above.

When complete, register your Student for the discounted class you created. Have the Student pay with check.

# Intermediate Course Management

## Lesson Release Times

### Course Management > Lesson Release Times

Lesson Release Times is an optional feature that discloses when your organization issues online sessions. This is available for in-house classes only.

**Lesson Release List**

You cannot delete lesson release times that are in use.

Lesson Release Time	Status	Action
		<a href="#">Add</a>

No lesson release times.

- To create a new release time, click *Add*

**Add Lesson Release Time**

Blue type denotes required information.

**Lesson Release Time**

- Enter the time you want to release the online lesson.

**Lesson Release List**

You cannot delete lesson release times that are in use.

Lesson Release Time	Status	Action
		<a href="#">Add</a>
after 6pm on Wednesdays.	Active	<a href="#">Edit</a>   <a href="#">Delete</a>
at your own pace in this 100 hour course.	Active	<a href="#">Edit</a>   <a href="#">Delete</a>
at your own pace.	Active	<a href="#">Edit</a>   <a href="#">Delete</a>
available ongoing.	Active	<a href="#">Edit</a>   <a href="#">Delete</a>

- When you add lesson release times, a select drop down list becomes available for Staff to select from when creating in-house online classes.

### Ripple Effect:

Lesson Release Times are available for both Open-Ended and Scheduled Online classes.

### Retention Activity:

Think about any in-house online classes your organization offers. Do you release lessons at various times? If so, make a list of these times and make note of who will enter these into your production site under *Course Mgmt > Lesson Release Times*

# Intermediate Students

## Members

Objectives for Intermediate Students:

- Discuss Memberships
- Define and review Student emails and confirmations
- Locate and review catalog requestors

This section focuses on additional Student features and an overview of memberships (this training will be offered later if interested). We will look at other Student functionality such as emailing Students, Student confirmations, and catalog requestors (if activated).

### Students > Membership Types

#### Membership Types

You cannot delete or inactivate the default Membership type or delete any types that are in use.  
To restore a complete Membership listing, click Reset; then click Search

Membership Name	<input type="text"/>	Status	<input type="text" value="v"/>
Membership Code	<input type="text"/>	Sort Order	<input type="text"/>
Membership Fee	<input type="text"/>	Max # of Member(s)	<input type="text"/>
Membership Expires?	<input type="radio"/> Yes <input type="radio"/> No	Membership Duration	<input type="text"/>

Select	Membership Code / Membership Name	Status / Sort Order	Membership Fee / Early Renewal Fee	Max Member / Expire?
Add				

Memberships are available in Lumens. This feature is like any standard membership program which consists of Student paying a defined fee to receive various classes at a discounted rate. Lumens allows you to segment groups of people and allow them access to certain classes.

In addition, you can also opt to offer benefits to your members, either allow members to take a specified number of classes or spend a specified amount of money per calendar year or term with their membership (excellent option for your Organization’s employees).

#### Question:

Do you anticipate using the membership feature?

# Intermediate Students

## Student Communications: Emails and Confirmations

### Students > **Email to Students**

Staff can send an additional 1000 emails daily from Lumens, this is in addition to the automatic messages sent from Lumens triggers by an action (Registration Confirmation, Password Reset, etc.).

- To email Students, search for the Students by entering at least one search filter.
- To locate Students in a specific class, first enter the course, and then the list of classes will populate in the drop-down list.
- Click *Submit*

- Lumens indicates when a Student does not have an email address.
- Select the Student(s) to receive the email and click *Submit*.

### System Options > **System Preferences**

Mailbox 4: Reply to

Mailbox 3 and 5: Carbon Copy (CC:)

Staff may affix up to four attachments

Click *Submit* to generate email.

Rea, Rachel/Rea, Rachel	<input type="checkbox"/> Email <input type="checkbox"/> Print

Select all Emails  Select all Prints

- The *Print* option displays a printable confirmation notice.
- If no email address available, the checkbox is grayed out and non-functional.
- Upon Submit, this view displays with the Reply To: prepopulated.

### Ripple Effect:

These confirmations do not override the automatic Learner Confirmation Students receive after he/she registers for a class / classes. In addition, Students have access to their own confirmations via his/her current registrations view.

# Intermediate Students

## Catalog Requests

When the catalog request feature is active, Guests can submit an online request for your catalog(s).

You can enable the catalog request menu item to display in *Configuration > Feature Configuration > **Communication***. You will learn more about this in a separate training on how to set up your layout templates, colors, and graphics.

**Free Course Catalog by Mail**

Thank you for your interest in our program. Please fill out the form below to receive your free catalog.

\* denotes required information.

**Catalog to request\***

To select multiple catalogs, press and hold the 'Ctrl' key

**First name\***

**Middle initial**

**Last name\***

**line 1 > Address\***

**line 2 > Address**

**City\***

**State\***

- A Student can request a Catalog by filling out this form.
- Notice the similarity to a Student profile, but with much less detail.
- When the Guest user submits the request, an email is sent to the Catalog Request mailbox.

**Catalog requests\***

**Waiting list\***

**Email to instructors\***

**Email to students\***

**General\***

Mailbox 1, per the email address preferences in *System Options > **System Preferences***.

### Ripple Effect:

The mailboxes initially set up when building your site are important. In this case, be sure the Catalog Requests mailbox is monitored regularly so the catalog can be sent in a timely manner. Think about who this should be in your organization.

# Intermediate Students

## Catalog Requests - Continued

### Students > Student Management > Student type - *Catalog Requestor*

**Students**

Search for Students by the search fields below.  
For a complete list of Students, click 'Reset' and then click 'Search'.

Last Name  First Name

- This is the convert page. When you *convert* a catalog requestor to a Learner profile, the data provided in the request automatically transfers to the Student profile.

- Staff must enter the balance of the required information to create a full Learner profile.

# Intermediate Registration

## Registrations – Late, Transfers, and Cancels

Objectives for Intermediate Registration:

- Process a transfer and a cancelation of a class
- Review the late registration process
- Place Students on waiting list

This section of the workbook focuses on intermediate processes for registrations.

Our program is a series of building blocks. These registration situations are more diverse than the basics of registration. These include completing transfers and cancellations.

*Registration > Student Management* select the Student and choose *Late Registration*.

### Late Registration

Registering Jackie Aaberg

Course Name	Course Number
<input type="text" value="computers"/>	<input type="text"/>
Class ID	
<input type="text"/>	

- Check  box to select a class for late registration, then click on "Add To Cart"
- Classes already registered for are indicated by a  box.

[Series Late Registration](#) [Certificate Late Registration](#)

#### Computer Certificate Programs

**Advanced Workplace Computing Certificate** [CCCP-5200]

Advanced Workplace Computing Certificate (Class ID 27166) Instructor: Gregory Meyer, Weekly - 9:30 PM; 8 sessions starting 5/2/2017, ending 5/25/2017

Your organization may still choose to register Students into the class even after it has moved to a 'run' status. When this occurs, the *Late Registration* feature is used.

When Staff selects Late Registration, classes display in the *Run* status based on your Late Registration settings.

Search the course name or number or scroll through the list. Once the class is located and selected, click *Add to Cart*. Process as any registration.

### Ripple Effect:

The number of days late registration classes display to Staff for registration is configured by a Power User. *A change in the late registration number of days must be entered by a Power User through System Options > Power Users > Class Set-up Settings.*

# Intermediate Registration

## Registrations – Late, Transfers, and Cancels - Continued

Registration > **Student Management** find the Student from the list, click *Transfer* on the drop down.

Select	Class name (ID) Registration name	Start date	Class cost
<input type="checkbox"/>	12 Lead EKG Interpretation (27157) Aaberg, Sarah	05/08/2017	\$295.00
<input type="checkbox"/>	Motorcycle Training: Basic Rider Course I (27175) Aaberg, Sarah	09/23/2017	\$225.00

- Locate the applicable class and click *Transfer Class*.
- Use search feature to locate the new class either by name or course number.

Course Number	Class Name (ID) /Date	Class Cost / Rem Seats	Action
KTCO-3010e	#1 Excel (27280) Schedule : Weekly - Mon 9:00 AM - 11:00 AM; 26 sessions; starting 1/1/2018, ending 6/25/2018	\$560.00 99	Late Registration <b>Transfer in</b>
KTCO-3010e	#1 Excel (27288) Schedule : Multiple Class Schedules: Classroom: Weekly - Mon 9:00 AM - 11:00 AM; 4 sessions starting 3/5/2018, ending 3/26/2018. Classroom: Wed 8:00 AM - 10:00 AM; 1 session on 03/21/2018.	\$500.00 99	Transfer in

- Next, click *Transfer In* to move the student to the applicable class.

If the class is in run status, you can still transfer the Student using *Late Registration* at the top of the page and complete the transfer the same as a late registration.

You do not have to transfer a Student into the exact same class on a different day. The transfer feature works the same way when moving a student from Excel Beginners to Word Advanced, for example. If there is a price difference, payments or refunds are prompted.

### Ripple Effect:

Both transfers and cancels are based on the number of days set in *System Options > Power User > Class Set-up Settings* for these types of transactions. Typically, organizations set up transfers and cancels to occur within 60 - 90 days after the class end date.

# Intermediate Registration

## Registrations – Late, Transfers, and Cancels - Continued

### Transfer Registration Transaction Review

\* denotes required information. If computed service fee is under \$1.00, it is not displayed.

<b>Student ID : Student Name</b>	55127 : Sarah Aaberg
<b>Registration Name</b>	Aaberg, Sarah
<b>Registration ID : Date</b>	85543 : 04/27/2017
<b>Transaction ID : Date</b>	69763 : 04/27/2017
<b>Memo</b>	[None]
<b>Transaction Balance</b> (Original payments minus previous refunds)	\$295.00 - \$0.00 = \$295.00
<b>Payment method(s)</b>	Check : \$295.00

Review class transfer details for accuracy before processing the transfer.

<b>Payments made</b>	<b>Transferring from</b>		<b>Transferring to</b>
<b>Number of registrations in original transaction</b>	<b>Class ID</b>	27157	27280
<b>Registration fee</b>	<b>Class Name</b>	12 Lead EKG Interpretation	#1 Excel
	<b>Start date</b>	05/08/2017	01/01/2018
	<b>End date</b>	06/01/2017	06/25/2018
	<b>Days until class</b>	Started	Started
	<b>Tuition fees</b> (Fee minus discounts)	\$295.00 - \$0.00 = \$295.00	\$500.00 - \$0.00 = \$500.00 (Fee minus discounts)
	<b>Prepaid lab fee</b> (Fee minus discounts)	\$0.00 - \$0.00 - \$0.00 = \$0.00	\$10.00
	<b>Prepaid book fee</b> (Fee minus discounts)	\$0.00 - \$0.00 - \$0.00 = \$0.00	\$10.00
	<b>Prepaid program fee</b> (Fee minus discounts)	\$0.00 - \$0.00 - \$0.00 = \$0.00	\$40.00
	<b>Charge \$20.00 service fee? *</b>	<input checked="" type="radio"/> Yes <input type="radio"/> No	
	<b>Code Discount</b>		
		<b>Continue</b>	<b>Cancel</b>

Choose whether to charge the service fee or not. Additionally, other fees may or may not be refunded. If a payment or refund is due based on the transfer, an additional screen for payment or refund will display. The view is very similar to the shopping cart.

### Ripple Effect:

Lumens automatically determines the service fee according to the refund policy assigned to the class. When transferring a student, you can opt to charge the service fee or not. We recommend including a statement in your refund policy about any fees related to transfers if you plan to charge a service fee.

# Intermediate Registration

## Registrations – Late, Transfers, and Cancels - Continued

### Transfer Registration Transaction Review - Step 2

\* denotes required information. If computed service fee is under \$1.00, it is not displayed.

<b>Student ID : Student Name</b>	55127 : Sarah Aaberg
<b>Registration Name</b>	Aaberg, Sarah
<b>Registration ID : Date</b>	85543 : 04/27/2017
<b>Transaction ID : Date</b>	69763 : 04/27/2017
<b>Transaction Balance</b> (Original payments minus previous refunds)	\$295.00 - \$0.00 = \$295.00
<b>Payment method(s)</b>	Check : \$295.00
<b>Payments made</b>	
<b>Number of registrations in original transaction</b>	1
<b>Registration fee</b>	

Review the *Transfer To* and *Transfer From* fields for accuracy.

Confirm the amount of refund or payment (if any).

	Transferring from	Transferring to
<b>Class ID</b>	27157	27280
<b>Class Name</b>	12 Lead EKG Interpretation	#1 Excel
<b>Start date</b>	05/08/2017	01/01/2018
<b>End date</b>	06/01/2017	06/25/2018
<b>Days until class</b>	Started	Started
<b>Tuition fees</b> (Fee minus discounts )	\$295.00 - \$0.00 = \$295.00	\$500.00 - \$0.00 = \$500.00 (Fee minus discounts)
<b>Prepaid lab fee</b> (Fee minus discounts )	\$0.00 - \$0.00 = \$0.00	\$10.00
<b>Prepaid book fee</b> (Fee minus discounts )	\$0.00 - \$0.00 = \$0.00	\$10.00
<b>Prepaid program fee</b> (Fee minus discounts )	\$0.00 - \$0.00 = \$0.00	\$40.00
<b>Merchandise Costs (Including Taxes)</b>	\$0.00	\$0.00
<b>Total Merchandise Item Discounts</b>	\$0.00	\$0.00

<b>Transfer service fee</b>	
<b>Payments Made for Merchandise Items</b>	Sarah Aaberg : \$0.00
<b>Payment Made (Does not include Registration Fees)</b>	Sarah Aaberg : \$295.00
<b>Suggested Payment Amount:</b>	<b>\$285.00</b>
<b>Payment Options : Sarah Aaberg: Suggested Amount = \$285.00</b>	
You may process a payment amount of zero if you choose not to require payment or to issue a refund.	
<b>Sarah Aaberg Suggested payment amount:</b>	<input type="text" value="285"/>
<b>Suggested action:</b>	
If you need to change the payment amount, please process an UNDERPAYMENT or OVERPAYMENT from the next page	
<input checked="" type="radio"/> Payment <input type="radio"/> Refund <input type="radio"/> Zero amount	
<input type="button" value="Continue"/> <input type="button" value="Cancel"/>	

If a Service Fee is charged or the class has a higher cost, Lumens will request an additional payment, and the payment method view will be available on the next screen. If a refund is due, a refund method screen will display.

# Intermediate Registration

## Registrations – Late, Transfers, and Cancels - Continued

Staff option to add memo to transfer transaction.

Frank Albertson  
4352 Sampson Dr.  
Minneapolis, MN 51235

Student Class Transfer Ticket

Your class transfer request at Augusoft, Inc. has been successfully processed!  
You have been officially transferred from Access I to Access Basics I. The following information is everything you need to know in preparation for the class. If you have any questions, please contact us. Confirmation Date: 06/03/2011 Confirmation Number: 1846 Course Number/Name: 260001 Access Basics I Class Date(s): Monday, Tuesday, 9:00 AM - 11:00 AM; 18 sessions starting June 13, 2011, ending July 11, 2011 (No Class on May 30, 2011, May 31, 2011)

Important Info:

Please bring the materials fee (MaterialsCost) to the first class. Instructor:

EMailLearnerTransferConfirmationQry.InstrName  
Instructor's Phone(s): 763-331-8300  
Instructor's Email: yvette@augusoft.net

Things to Know or Bring:

Class Location:  
Warnke Hall  
1234 College Drive  
Collegeville, MN 55555  
Classroom: TBD

Directions to Class Location:  
Hwy 169 N to Cty Road 42 E Turn Right

Thank you for registering!

### Ripple Effect:

When a transfer occurs, the funds from the original transaction do not follow the transfer. If the transfer is even, Lumens will display a waived fee (because the fee was already paid), if more than the original transaction, a payment screen will become available. If the class is less than the original transaction, a refund method screen will display.

# Intermediate Registration

## Registrations – Late, Transfers, and Cancels - Continued

Registration > **Student Management** search the Student name, select *Cancel*

View Registration Details for Michelle Aaron

Current Registrations | Transcripts | Tran History | Merchandise | Transfer | **Cancel** | Waiting List

Current Registrations for Aaron, Michelle

Select Certificate

Cancel	Class name (ID) Registration name	Start date	Class cost
<input checked="" type="checkbox"/>	Alternating Current (23427) Aaron, Michelle	08/16/2012	\$1,000.00
<input type="checkbox"/>	Motorcycle Training: Basic Rider Course I (27175) Aaron, Michelle		

Select class to cancel, then click continue.

- Staff can cancel multiple classes or choose to refund the class with no cancellation notification.

- The Transaction Review displays the original transaction details.
- Do you want to refund any of these fees?

### Cancel Registration Transaction Review

\* denotes required information.

Student ID : Student Name	40926 : Michelle Aaron
Registration Name	Aaron, Michelle
Registration ID : Date	83026 : 08/16/2012
Transaction ID : Date	67124 : 08/16/2012
Memo	[None]
Payment method(s)	Amerigas : Company Account: \$1,000.00
Total AR Payments	
Class ID : Name	23427 : Alternating Current
Staff Registration Begins	10/23/2011, Self-Paced
Days until class	Started
Class Registration	\$1,000.00
Number of registrations in original transaction	8
Registration fee	\$0.00
Refund Tuition Fee? *	<input checked="" type="radio"/> Yes <input type="radio"/> No
Service Fee	\$20.00
Charge Service Fee? *	<input checked="" type="radio"/> Yes <input type="radio"/> No
Add Memo	

### Ripple Effect:

Just like transfers, a cancellation service fee is determined based on the refund policy assigned to the class. In this situation, the refund policy dictates a charge of \$20.00. The system always provides the option of charging the service fee or not.

# Intermediate Registrations

## Registrations – Late, Transfers, and Cancels - Continued

### Cancel Registration Transaction Review - Step 2

\* denotes required information.

Student ID : Student Name	40926 : Aaron, Michelle
Registration Name	Aaron, Michelle
Class ID : Name	23427 : Alternating Current
Transaction Balance (Original payments minus previous refunds)	\$2,594.00 - \$0.00 = \$2,594.00
Payment Method(s)	Amerigas : Company Account: \$1,000.00
<b>Payments made to AR Account</b>	
Class Registration	\$1,000.00
Promotion Code : Discount Amount	None : \$0.00
Service Fee	\$20.00
Send Transaction Receipt to Student	<input type="radio"/> Yes <input checked="" type="radio"/> No
Send Transaction Receipt to 3rd Party	<input type="radio"/> Yes <input checked="" type="radio"/> No

- The transaction balance is the total registration amount.
- The default refund method originates from the refund policy. Staff can edit here.
- The refund amount is editable, but limited by an amount set by Power Users.

		Totals	Amerigas
<b>Class Registration</b>			
Refund	(\$0.00)	0.00	
Credit to AR	\$(1,000.00)	1000.00	
Service fee	\$20.00	20.00	
<b>Total Refunds</b>	(\$0.00)		(\$0.00)
<b>Total Credits to AR</b>	(\$980.00)		\$ (980.00)

Transaction amount is the refund amount. Also displayed is a breakdown of how the amount is calculated. In this case, there was \$20 service fee and the Materials Fee was not part of the refund.

### Ripple Effect:

When your organization sets up a **Maximum Refund Override Variance**, this applies as the maximum amount Staff can change a refund when cancelling a registration. Any change will result in a misc. charge/credit. Managing this amount can protect the organization against excessive override amounts. *This variance is set up in System Options > Power Users > General Settings.*

# Intermediate Registrations

## Registrations – Late, Transfers, and Cancels - Continued

Review before you begin:

- To complete this activity, you will benefit from having a second class created.
- Access the Course you built previously.
- Click on the Course name to locate the Class.
- Click on 'Clone' to clone a class you built initially.
- Clone a new class with a new date (remember the instruction calendar that is in your system, have you crossed over to a new term?)
- Complete the cloned class.

### Questions:

Did you have any difficulties finding the course/class you created?

---

Did you have any difficulty cloning the class? If so, what was missing?

---

### Try It!:

Each person:

- Locate the Student you created (or create another one).
- Register the Student for your class (if not already registered) and one of your team mate's classes.
- Now transfer your Student from the original class you created to the new one you just cloned. Do not charge a service fee.
- Now cancel the Student from the class he/she was registered.
- Finally, check the Student's *Transaction History* and *Current Registrations*.

# Intermediate Registration

## Registration - Waiting List

### Registrations > **Waiting Lists**

When a class is full, the waiting list button displays on the Subcategory page.

Select	Class Name(ID)	Days Until Start	Status	Total Seats/Filled Seats % Booked/ # on Wait List
<input type="radio"/>	Anatomy-Human Body Function (27551) Mon 8:30 AM - 7:00 PM; 1 session on 02/26/2018	-25	Run	1 / 1 100% / 1

If the waiting list feature is not active, Students and guests see *Filled*. Whereas Staff sees *Full Override* button and can register the Student.

To manage class waiting lists, from the left navigation bar hover over *Registrations* and click *Waiting Lists*.

### Search for Waiting Lists

Search for Waiting Lists using the search field below

**Class/Course/Course Series Name**

**Class Starts On or After**  [ mm/dd/yyyy ]

**Class Starts On or Before**  [ mm/dd/yyyy ]

**Includes Classes Starting On**

**Class ID**

**Search For** Class Waiting Lists

**Term**

**Category** Arts  
Play

**Subcategory**

**Class Status** Active  
Confirmed

For a complete class listing, clear the search field above then press search.

**Classes without a waiting list are not shown.**

Select	Class Name(ID)	Days Until Start	Status	Total Seats/Filled Seats % Booked/ # on Wait List
<input checked="" type="radio"/>	Beginning French (90) Fri 9:00 AM - 11:00 AM; 1 session on 09/26/2014	3	Active	12 / 12 100% / 3

Staff can find a specific waiting list by using various search filters or click *Search* to retrieve all class waiting lists.

To view the waiting list, click the radio button next to the Class Name.

# Intermediate Registration

## Registrations – Waiting List - Continued

The Class Waiting List displays the Student Name, who added the student to the waiting list, and his / her rank on the list.

**Class Waiting List**

Course Number (2400001)  
 Beginning French (90)  
 Fri 9:00 AM - 11:00 AM; 1 session on 09/26/2014  
**Available Seats: 0 Total Seats: 12 % Booked: 100% # on WaitList: 3**

---

Search for Students using Last Name

For a complete student listing, clear the search field above then press search.

Select	Email Students	Name (ID)	Added On Added By	List Rank
<a href="#">Add student to waiting list</a>	<a href="#">Select All</a>			
<input type="checkbox"/>	<input type="checkbox"/>	<a href="#">Olson, Eddie</a> (10095)	09/22/2014 Administrator	1
<input type="checkbox"/>	<input type="checkbox"/>	<a href="#">Clooney, George</a> (10102)	09/22/2014 Self	2
<input type="checkbox"/>	<input type="checkbox"/>	<a href="#">Damon, Matt</a> (10103)	09/22/2014 Self	3
<a href="#">Select All</a>				
<input type="button" value="Email Students"/>				

Staff can register a Student if:

- a seat opens due to a cancellation (mailbox 2 receives an email indicating a cancellation for the class with a wait list)
- if the class size was increased or
- if the organization has decided to over-enroll the class.

Other wait list management abilities Staff have:

- Remove a Student from the waiting list.
- Move a Student from a Class wait list to a Course wait list in the instance to be considered for the next session.
- Ability to email Students in bulk when space becomes available to notify them they can complete registration on a first-come-first-serve basis.
- Add a Student to the wait list, Student receives a ranking based on the order added. An automatic email notifies student when this occurs.
- Staff can override the wait list and directly register a Student for a class. Access *Registrations > **Waiting Lists***, locate the Student and select *Register* and complete the transaction process. Or move the Student to the Course waiting list as previously described.

**E-Mail Message for Students**

Please enter subject and message text, then press Submit. An e-mail will be sent to all students enrolled in the class who have registered an email address with this site.

\* denotes required information.

# Intermediate Registration

## Registrations – Waiting List - Continued

A student can add his / herself to the waiting list.

**Basic Cake Decorating**

CLFB-1005      Instructor : Denise Turner

Tuition: \$89.00      Materials Cost: \$0.00      Member Cost: \$89.00

Available Merchandise

Schedule : Weekly - Tue 6:30 PM - 9:00 PM; 5 sessions; starting 5/1/2018, ending 5/29/2018

**ADD TO WAITING LIST**

A Student can sign in and view their waitlist list.

my dashboard   my profile   current registrations   my transcript   my transactions   merchandise

my waiting list

### Class Waiting List

Remove	Student Name (ID)	Class Name - Course #/Class ID/Section #	Rank
<input type="radio"/>	Steck, Larry (11771)	Basic Cake Decorating - CLFB-1005 / 27279 / 3	1

No Course Waiting List

No Course Series Waiting List

From my waiting list view, the Student sees his / her rank on the list, and has the option to remove self from the wait list. Whether or not the Student can see their rank in the waiting list is set up under *Power User Settings* > **General Settings**.

### Retention Activity:

After training, place some Students on a waiting list and manage the list by registration or removal. Then sign in as a Student and add yourself to a waiting list to experience the Student's view. You do not have to register in order of their placed rank.

# Intermediate Instructors

## Email and Confirmations to Instructors

Objectives for Intermediate Instructors:

- Review email to Instructors using Lumens
- Process Instructor confirms for classes

This section of the workbook will focus on the follow up processes for Instructor communications.

Payment tracking and Instructor contracts comes later in training.

### Instructors > **Instructor Confirms**

The Instructor confirmation gives Instructors the opportunity to review their class content before Staff finalize the class (and if creating a catalog, before the catalog print).

Generate Instructor Confirmations-Search

Form fields include: Term, Instructor, Catalog(s), Category, Subcategory, Course Name, Course Number, Class Start Date on or After, and Class ID/Section ID. A red box highlights the Submit button.

- Select your search criteria as appropriate to create a list of classes.

Generate Instructor Confirmations - Search

Showing records 1 through 12 of 29.

Course Number	Catalog	Class Name (ID)	Start Date	Instructor	Action
KTCO-3010e	All Catalogs	#1 Excel (27280)	1/1/2018	Abramson, Maurice	<input type="checkbox"/> Email <input type="checkbox"/> Print
123456	All Catalogs	Sarah s Online Test (27550)	2/28/2018	Abramson, Maurice	<input type="checkbox"/> Email <input type="checkbox"/> Print
KTCO-3010e	All Catalogs	#1 Excel (27288)	3/5/2018	Abramson, Maurice	<input type="checkbox"/> Email <input type="checkbox"/> Print
1010047	All Catalogs	Fall is Full of Color! (27287)	6/4/2018	Akers, Patricia	<input type="checkbox"/> Email <input type="checkbox"/> Print

A red box highlights the Action column.

### Ripple Effect:

Using Instructor Confirm does not confirm an Instructor in Go/No Go feature.

### Retention Activity:

Customize the Instructor Confirmation template to give the tone of your organization.  
*System Options > Template Management > Email & Print Templates > **Instructor Confirmations***

Attachment 2  Maximum combined file size < 20MB

- Staff can enter the subject and message text, change the Reply-to and send up to 4 attachments.
- Instructor emails or any emails out of the system do not count against the daily quota.

## Intermediate Class Information

### Go / No Go

Objectives for Intermediate Class Information:

- Discuss the Go/No Go feature in Lumens
- Manage the Action Items list
- Review Instructor Checklist
- Complete a class status change
- Describe the option to record attendance, grades, and CEU's
- Discuss the Release Forms feature in Lumens

This section of the workbook will focus on the tools located under the Class Information menu. We will go over the features and tools available in Lumens to help with various class management functions.

#### Class Info > **Go / No Go**

The purpose of the Go / No Go tool is to help Staff determine whether to confirm or cancel a class. You should discuss how often this should be completed.

**Go / No Go : Search for Classes**

Classes starting on or after \* mm/dd/yyyy

Classes starting on or before \* mm/dd/yyyy

Enrollment is: \*  Greater than or Equal to Go#  Less than Go#  All

Class Type \* All classes

Term \* None specified

Catalog(s) Combined Catalog Totals  
All Catalogs  
Licensure/Recertification  
Learn at Your Leisure

Submit Cancel

- You can choose to have the Go / No Go number calculated by either: the number of Student Registrations or by Class Receipts.

Other filter options:

- Enrollment is greater than / less than / or equal to *Go Number*
- Class type (Classroom, online, hybrid)
- Schedule Type (scheduled or open-ended)
- By Catalog, if they are used.

## Intermediate Class Information

### Go / No Go – Continued

In this example, the Go/No Go number for each class is determined by Student Registrations.

**Go / No Go: Confirm, Cancel or Delete Classes**  
Use this screen to Confirm, Cancel or Delete classes.

- The 'Comments for All' field may be used for adding a comment for all Classes to be cancelled or deleted.
- The field which may appear below each Action list is used to supersede the 'Comments for All' field for that row.
- Select the 'Confirm All' link to set the Action setting for all Classes to Confirm
- Select the 'Cancel All' link to set the Action setting for all Classes to Cancel
- Select the 'Delete All' link to set the Action setting for all Classes to Delete

**Search Criteria** : Classes starting on or after 10/1/2014 through and including 10/10/2014; Enrollment: All; Class Type: All Classes; Class Status: Active; Schedule Type: Scheduled; Catalog(s): Adult Education

Select	Go?	Go #	Class Name Course # / ClassID Start Date	# of Students / on Waitinglist	Instructor Name	Location Name
<input type="button" value="No change"/>	Yes	6.00	<b>Beginning Excel</b> 6200004 / 11			
<input type="button" value="No change"/> <input type="button" value="Cancel with Notice"/> <input type="button" value="Cancel without Notice"/> <input type="button" value="Confirm"/>			10/1/2014	9/0	<a href="#">Cooper, Linda</a>	Burnsville Diamondhead
		5.90	<b>Octaves - Good or Bad</b> 2500001 / 57			
			10/2/2014	5/0	<a href="#">Green, Sandra</a>	Burnsville Diamondhead
<input type="button" value="No change"/>	Yes	5.00	<b>Nursing Assistant</b> 6100007 / 104			
			10/6/2014	8/0	<a href="#">Finney, Josh</a>	Multiple

Staff can view Go / No Go details to make a decision about the class:

- Hover over the class name to see specific class details.
- View number of Students registered and how many on the wait list
- Instructor name, contact information and whether confirmed / not confirmed

Actions the Staff can take from this screen include:

- Cancel with or without a notice, Confirm, or Delete (Delete is only available if there are no registrations).
- Changing the Status to Confirmed indicates the class will run.
- To speed up actions, Staff can select *all classes* from the select drop down list at the top of the page.
- The cancel or delete option requires Staff to enter a comment/reason for tracking purposes.

Cancel class with a notice sends an email to Students registered indicating the class was cancelled. Refer to Email Template: *Cancellation Notice-Student*

Cancel class without notice to Student requires Staff to follow up with Students. Reference *Class Info* and click on Action Items.

# Intermediate Class Information

## Go / No Go - Continued

Go / No Go Number can also be based on Class Receipts received from Student registrations. Before you can use this, you must have your settings set correctly. You will need contact Customer Service so they can turn it on for you. Once your configuration is modified, access:

*System Options > Power Users > System Settings > **Class Set-Up Settings.***

**Power Users: System Settings: Edit Class Set-Up Settings**

Close registration how many days prior to class start date?

Send reminders to students before time-limited classes end?  Yes  No

Class Cost Multiplier\*  Cost Multiplier\*

You can determine at the course level, which cost multiplier value to use. (In the above example, you can choose *Standard* with a cost multiplier of 1.0, or *Special* with a cost multiplier of 1.5, which will display.) You can edit these cost multipliers at the class level if needed, but they default as set here.

# Intermediate Class Information

## Class Management Action Items

### Class Info > Action Items

#### Class Management Action Items

Term  Instructor

Course Name  Course Number

Class Start Date on or After  Class Start Date on or Before

Category  Subcategory

Class ID/Section ID

These classes have recently been confirmed or cancelled. Click View Checklist to view or print an action checklist for the selected class. Click Clear Checklist to drop the class from this list.

Action	Class ID:Name	Start Date	Status
<input type="button" value="Action"/>	27287 : Fall is Full of Color!	06/04/2018	Cancelled
<input type="button" value="Action"/>	27562 : Prevention 101	07/19/2018	Cancelled
<input type="button" value="Action"/>	27279 : Basic Cake Decorating	05/01/2018	Confirmed
<input type="button" value="Action"/>	27284 : Art Making: Fine Art Sampler	05/21/2018	Confirmed

The Action Items are in order by class status. Cancelled classes are listed first, then Confirmed, then Run.

Staff should manage cancelled classes as soon as the decision is made. Ensure you have cancelled all class registrants (or transfer Students to another class session or a different type of class), cancel any room reservations, and notify the Instructor.

Confirmed classes display to allow Staff to contact the location and Instructor when you confirm a class. In addition, Staff can send a manual email to the Students with up to four attachments.

This page allows you to:

- View / print the checklist to keep a record of actions taken.
- When all necessary actions are complete, you can remove the class, clearing the checklist. If not cleared, the list remains for 60 days after the class has completed
- You can send email notes such as 'Thank you for attending X class' or notifying Students of a room change, etc.

# Intermediate Class Information

- Provides Staff with contact information for Location and Instructor, allowing Staff to easily communicate a confirmed class.
- The 'Run' Class checklist displays the same information.

# Intermediate Class Information

## Class Management Action Items – Continued

Each Student is preselected in the Email to Students, allowing Staff to uncheck any Student as needed. This feature is very effective for cancelling a class without notice; however, we recommend Staff contact each Student directly to increase the chances of transfer or new registrations.

**Send E-Mail Message to Students -- Step 2**

You may send 100 additional e-mail messages to students today.

**There are 3 students with valid e-mail addresses shown on this display.**

All of the students that met your search criteria have a valid e-mail address.

Student	Send E-Mail?
Alexieff, Paul	<input checked="" type="checkbox"/>
Chase, William	<input checked="" type="checkbox"/>
Olson, Eddie	<input checked="" type="checkbox"/>

[Unselect all Emails](#)

- The Students won't display if you already cancelled them.
- If you previously cancelled the *class with a notice*, those Students have already received the *Email Template: Cancellation Notice-Student*.

**E-Mail Message for Students**

Please enter subject and message text, then press Submit. An e-mail will be sent to all students enrolled in the class who have registered an email address with this site.

\* denotes required information.

Subject\*

Reply-to\*

CC  (Add additional email address separated with semicolon)

Message text\*

Attachment 1

Attachment 2

Attachment 3

Attachment 4

- Upon *Submit*, or send, the same email message for Student is sent.
- This is considered a manual email and does count against the daily quota.
- The automatic Cancellation Notice-Student does not count against this type of message.

### Try It!:

You confirmed and cancelled a class earlier. Now take a moment, look up each class, and review the checklist. When you are done, and because we are not printing the document for this example, clear the confirmed class checklist, but leave the cancelled class checklist intact, as you may want to review it later.

# Intermediate Class Information

## Instructor Checklist

### Class Info > **Instructor Checklist**

Often, the class has been added months in advance and the Instructor may have been tentative or unassigned upon creation of the class. The Instructor Checklist allows Staff to track confirmation of the Instructor, confirming the Instructor has been secured for the class assigned.

**Confirm Instructor** \* denotes required information.

When searching using the class start dates, open-ended classes will be returned based on the 'staff registration begins' date set on the class.

Classes starting on or after \*

Classes starting on or before

Catalog(s)   
All Catalogs  
ed2go Online Courses  
Licensure/Recertification

### Additional Reference:

QRA available in *Customer Support > Document Center > Quick Reference Library > Instructor Checklist*

### Ripple Effect:

Using the Instructor Checklist does confirm an Instructor in the Go / No Go feature.

# Intermediate Class Information

## Class Status Change

### Class Info > **Class Status Change**

This feature allows Staff to change a class status manually.

Class Name	Status	Class Start Date	Action
Basic Cake Decorating (6533)	Run	11/19/2010	Change Status
Intermediate Cake Decorating (6558)	Deleted	09/16/2010	Change Status
Basic Cake Decorating (19080)	Run	11/15/2011	Change Status
Basic Cake Decorating (27279) (Section 3)	Active	05/01/2018	Change Status
Best Cupcakes and Fillings (1861)	Cancelled	02/20/2010	Change Status

- Click *Change Status*

- From drop down, select the new status.

- When Staff changes a class status to cancel, if class has registrants, a pop-up opens.
- By clicking *OK*, the class is cancelled, and automatically moves to *Class Info > Action Items* for follow up tasks.
- Students do not receive any notification when this type of change is processed.
- This tool is very seldom used. It is primarily for adjusting the status temporarily to fix an error.

### Ripple Effect:

Class confirms from this screen do not generate Student reminder emails.

# Intermediate Class Information

Record Class Grades, Attendance, and CEUs

## Class Info > Record Attendance

**Class Meeting Selection for Become a Certified Mediator in Four Days Attendance**

Class Name (ID): Become a Certified Mediator in Four Days (27266)

## Intermediate System Options Review

---

This review is based on the *Intermediate System Options Module*. Use this review to check your knowledge of the topics and objectives of the module.

Objectives for Intermediate System Options:

- Review and develop templates for webpages
- Add an optional field
- Discuss user roles
- Define and create a promotion

---

To complete this review, use the *Intermediate System Options Module* as a resource.

- The review has five statements below.
- Add the missing information.
- Compare your responses against the answer key (how did you do?).

Promotions created apply to the entire \_\_\_\_\_.

New User Roles are not \_\_\_\_\_ to set up a Staff profile.

There are 4 types of form fields for the Optional Fields. They are

\_\_\_\_\_, \_\_\_\_\_,  
\_\_\_\_\_.

To push an optional field out to your Lumens site, you must click on the \_\_\_\_\_.

To ensure optional fields display in reports after creation you must first \_\_\_\_\_ then return to the optional fields view and click “Activate optional fields for reports.”

# Knowledge Review

## Intermediate System Options Review Key

---

Review answer key:

Promotions created apply to the entire shopping cart

New User Roles are not required to set up a Staff profile.

There are 4 types of form fields for the Optional Fields. They are Select Box, Multi-Select Box, Radio button, and Text

To push an optional field out to your Lumens site, you must click on the Generate HTML code for all form fields link

To ensure optional fields display in reports after creation you must first populate the field in at least one location then return to the optional fields view and click “Activate optional fields for reports.”

**Additional Reference: *Customer Support > Document Center > Quick Reference Aids > Create and Edit User Roles***

## Knowledge Review

### Intermediate Course Management Review

---

This review is based on the *Intermediate Course Management Module*. Use this review to check your knowledge of the topics and objectives of the module.

Objectives for Intermediate Course Management:

- Add discounts to a course and class
- Create an Online Course
- Add a lesson release statement in Lumens

---

To complete this review, use the *Intermediate Course Management Module* as a resource.

- The review has five questions (multiple choice or True / False).
- Answer the questions to the best of your knowledge.
- Compare your responses against the answer key (how did you do?).

1. Which discount is available based on additional information added to the Learner profile?

- Attribute Discount
- Code discount
- Date Discount
- Early Bird Discount

2. **T/F:** An open-ended course offers both a Self-Paced and Time Limited option during class creation.

3. **T/F:** Staff adds Class discounts initially at the class level.

4. What are the 'time period' options for an Open Ended - Time Limited class?

- Day(s)
- Week(s)
- Month(s)
- All of the Above

5. **T/F:** If you create a 'lesson release time' statement, Lumens offers you two options; 'at your own pace' and 'weekdays'.

# Knowledge Review

## Intermediate Course Management Review Key

---

Review answer key:

Expected Results	Related Information
Which discount is available based on additional information added to the Learner profile? <input type="radio"/> Attribute Discount	
An open-ended course offers both a Self-Paced and Time Limited option during class creation. <b>True</b>	
Staff adds Class discounts initially at the class level. <b>False</b>	False: Discounts are added at the course level and are applied to new classes if desired.
What are the 'time period' options for an Open Ended - Time Limited class? <input type="radio"/> All of the above	
If you create a 'lesson release time" statement, Lumens offers you two options; 'at your own pace' and 'weekdays'. <b>False</b>	False: Lesson Release Time text can be any item you chose. It can be added and inactivated as needed.
